

Ecologically friendly cleaning

Car shampoo – Specially for automated Automotive cleaning.

The ultimate in biodegradability, made from natural renewable raw materials.

Areas of Application:

- Cars
- Trucks
- Motorcycles

BIOTENSIDON'S Car Shampoo is specially formulated for washing any type of vehicle with specialized washing machines, foam guns and high-pressure cleaners. Our product is compatible with most brands of cleaning machinery and will not damage or degrade rubber seals or components in your preferred washing machine. The disposal of Car Shampoo falls under the general waste regulations and no additional requirements is necessary.

Application:

Shake well before use!

Spray BIOTENSIDON'S Car Shampoo onto the surface area to be cleaned, wash with a cloth or sponge of your choice. Rinse with clean water.

For cleaning hard to remove road grime, spray on and leave for a couple of minutes then use a soft brush to clean away the grime. The use of warm water will increase the cleaning effect and shorten the exposure time.

Instructions for Use:

Due to the large number of possible influences and variances during the cleaning process and differing application, trial processing should be carried out constantly by the user.

No dilution required, use as per application instructions.

Biodegradation starts as soon as water is added.

Precautions:

Keep BIOTENSIDON'S Car Shampoo out of reach of children and uninformed persons.

Avoid contact with eyes, in case of contact with eyes, rinse out with clean water immediately.

If swallowed, seek medical assistance.

Store above 1°C.
