

## Ecologically friendly cleaning

**Car shampoo concentrate** – Specially for Automotive cleaning.  
The ultimate in biodegradability, made from natural renewable raw materials.

### Areas of Application:

- Cars
- Trucks
- Motorcycles

BIOTENSIDON'S Car Shampoo concentrate is specially formulated for washing any type of vehicle by hand. For foam guns and high-pressure cleaners' dilution is required.  
Mix BIOTENSIDON'S Car Shampoo concentrate in a bucket or suitable container at a ratio of 1:30.  
The disposal of Surface cleaner falls under the general waste regulations and no additional requirements is necessary.

### Application:

Shake well before use!

Mix BIOTENSIDON'S Car Shampoo concentrate in a bucket with a dilution ratio of 1:30 apply to the surface area to be cleaned, wash with the cloth or utensil of choice. Rinse with clean water.

For cleaning hard to remove road grime, spray on and leave for a couple of minutes then use a soft brush to clean away the grime. The use of warm water will increase the cleaning effect and shorten the exposure time. When using a pressure cleaner or foam gun dilute to a ratio of 1:50.

### Instructions for Use:

Due to the large number of possible influences and variances during the cleaning process and differing application, trial processing should be carried out constantly by the user.

Dilution required, use as per application instructions.

Biodegradation starts as soon as water is added.

### Precautions:

Keep BIOTENSIDON'S Car Shampoo concentrate out of reach of children and uninformed persons.

Avoid contact with eyes, in case of contact with eyes, rinse out with clean water immediately.

If swallowed, seek medical assistance.

Store above 1°C.
