

Ecologically friendly cleaning

Gastro cleaner—Specially formulated for commercial and industrial kitchen cleaning.
The ultimate in biodegradability, made from natural renewable raw materials.

Areas of Application:

- Canteens.
- Commercial kitchens.
- Bakeries.
- Abattoirs.
- Butchers.
- All food processing industry.

BIOTENSIDON-Gastro cleaner protects against residual grease clogging drains and filters, greasy cookers and kitchen surfaces, and floors dirty with fat. The cleaning of extractor fans and their filters are one of the many uses of our Gastro cleaner.

BIOTENSIDON-Gastro Cleaner is non-flammable and completely biodegradable; it has no harmful effects on the environment and does not contain chlorine, it also keeps degreasing drainage systems and is septic tank friendly.

The disposal of BIOTENSIDON-Gastro cleaner falls under the general waste regulations and no additional requirements is necessary.

Application:

Shake well before use!

Spray BIOTENSIDON-Gastro cleaner onto the contaminated area, (leave it on for 5 to 10 minutes depending on the temperature and degree of contamination, do not let it dry. If necessary, manually clean off with brush, cloth or mop, then rinse with clear water. The use of warm water will increase the cleaning effect and shorten the exposure time. It can also be used with a high-pressure washer.

Instructions for Use:

Due to the large number of possible influences and variances during the cleaning process and differing application, trial processing should be carried out constantly by the user.

No dilution required, use as per application instructions.

Biodegradation starts as soon as water is added.

Precautions:

Keep BIOTENSIDON-Gastro cleaner out of reach of children and uninformed persons.

Avoid contact with eyes, in case of contact with eyes, rinse out with clean water immediately.

If swallowed, seek medical assistance.

Store above 1°C.
