

Ecologically friendly cleaning

Heavy duty de Greaser - Cleaner for Industrial or commercial cleaning
The ultimate in biodegradability, made from natural renewable raw materials.

Areas of Application:

- Workshops, industrial sites, and manufacturing plants.
- Degreasing parts.
- Petrol stations.
- Tanker and ship cleaning.
- Railway tracks.

BIOTENSIDON-Heavy duty de Greaser is ideal for degreasing. It can remove greases and oils from synthetic and mineral surfaces. BIOTENSIDON-Heavy duty de greaser is suitable for disposing of soot and for cleaning machine parts, engine blocks, working areas, containers, hall floors and concrete floors. Also, it can be used in degreasing drainage systems.

The disposal of Heavy duty de Greaser falls under the general waste regulations and no additional requirements is necessary.

Application:

Shake well before use!

Spray BIOTENSIDON-Heavy duty de Greaser onto the contaminated area, (leave it on for 5 to 20 minutes depending on the temperature and degree of contamination, do not let it dry. If necessary, manually clean off with brush, cloth or mop, then rinse with clear water. The use of warm water will increase the cleaning effect and shorten the exposure time. It can also be used with a high-pressure washer.

Instructions for Use:

Due to the large number of possible influences and variances during the cleaning process and differing application, trial processing should be carried out constantly by the user.

No dilution required, use as per application instructions.

Biodegradation starts as soon as water is added.

Precautions:

Keep BIOTENSIDON-Heavy duty de Greaser out of reach of children and uninformed persons.

Avoid contact with eyes, in case of contact with eyes, rinse out with clean water immediately.

If swallowed, seek medical assistance.

Store above 1°C.
