

Ecologically friendly cleaning

Vinegar Cleaner - Cleaning Concentrate for Industrial or commercial cleaning
Made from Natural renewable raw materials. Phosphate and formaldehyde free.

Areas of Application:

- Bathrooms
- Toilets
- Kitchens
- Household
- Industrial

BIOTENSIDON'S Vinegar cleaner is a universal low pH cleaning product for sanitary and kitchen areas.

BIOTENSIDON'S Vinegar cleaner easily cleans lime residues, soap residues and water stains.

The disposal of BIOTENSIDON'S Vinegar cleaner falls under the general waste regulations and no additional requirements is necessary.

Application:

Spray BIOTENSIDON'S Vinegar cleaner onto the contaminated area, leave it on for 5 to 10 minutes depending on the temperature and degree of contamination, do not let it dry. If necessary, manually clean off with brush or cloth, then rinse with clear water. The use of warm water will increase the cleaning effect and shorten the exposure time.

BIOTENSIDON'S Vinegar cleaner can be diluted for lighter cleaning.

Instructions for Use:

Not suitable for acid sensitive materials such as zinc, marble or natural stones.

Due to the large number of possible influences and variances during the cleaning process and differing application, trial processing should be carried out constantly by the user.

Precautions:

Keep BIOTENSIDON'S Vinegar cleaner out of reach of children and uninformed persons.

Avoid contact with eyes, in case of contact with eyes, rinse out with clean water immediately.

If swallowed, seek medical assistance.

Store above 1°C.
